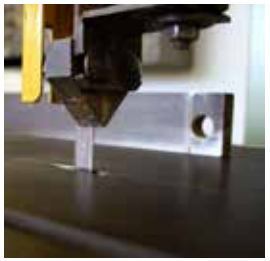
WELDING CONSUMABLES.

WELDING CONSUMABLES.

SIDERARCO ELECTRODES



WECO BAND SAW BLADE

WECO ABRASIVES

An Italian welding electrodes factory.
The company start the welding electrodes production in Turin on 1947 under the name Rapidarco.
At 1979 the factory is moving in Polonghera changing its name as SIDERARCO S.p.A., in an inbuilding surface of 3600 sq.m, laying on a field of 12.000 sq.m.
Company technologically well equipped and of high performance, with all its resources, focus on the "special" electrodes development, answering to a more and more demanding market.
On 2007 Siderarco obtained the ISO 9001 certificate and the Factory Production Control certificate, which permits to apply the CE mark on some of its products.
Additionally Siderarco is able to supply machinery for the welding electrodes production, providing assistance and know-how.

Weco a brand of PWL Trading Products & Services, with selected manufacturing and products of the highest quality welding, cutting and jointing products.
All of our products are made in Italy or in few cases in the EU.
The product testing is the main focus of the production process and involves the overall quality and safety of our products.
Our passion for the development and application of innovative technologies allows to create complete packaged solution that allows our customers to be more productive, economical and successful.
